Hi German School Community,

I was asked about additional ways to improve your German. Here are some suggestions.

Enjoy, Claudia Windfuhr

For younger kids:

Kinderuni from the Goethe-Institut is also very interesting, especially since it covers the STEM topics.

For Middle School and up:

Do Nicos Weg. Do as many lessons as you can. This amazing and free program is from Deutsche Welle.

All ages:

And there is an entire channel dedicated to learning German, called Easy German. Start with anything labeled A1 or your current level and work your way up.

I watch a lot on these two sites, our main TV channels. It brings you up-to-date, especially the Tagesschau and Tagesthemen.

ZDF Mediathek

Check out German movies on Netflix.

I also love these free sites:

Freerice.com

Duolingo.com

Flango is a great reading program but you need to pay.
